We are looking for a world class **Video Editor & Creator** to develop appealing video trailers and promos for our new and existing games! We are looking for fun, energetic people who have a passion for building great products and bringing our games to life. So, if you think you have the chops to deliver something unique, come join us!

## Responsibilities

- Execute video production related tasks within pre-defined timelines.
- Uphold graphic aesthetic and integrity of original design while producing the video content.
- Create promo videos to use on App Stores for our new and existing games consisting of audio and voiceovers.
- Create game trailers and teasers for existing and new games consisting of audio and voiceovers.
- Work with the team to prepare necessary promotional video materials for games.

## Requirements

- 1+ years of experience in video production and video editing.
- Experience in Adobe Premiere Pro, After Effects and other relevant software.
- Love and passion for mobile games.
- Ability to adapt to different styles of video.
- Experience with scriptwriting, voice-overs, translations and transcriptions.
- Strong knowledge of typography, color theory and design aesthetics.
- Knowledge of Motion Graphics is preferred.
- Strong visual storytelling skills, with an ability to visualize abstract concepts and make them come to life.
- Excellent written and verbal communication skills.
